

Kusum Malviya

Bangalore | +91 6366512197 | xenkusum@gmail.com | [LinkedIn](#) | [Github](#)

Detail-oriented BCA graduate with hands-on experience using AI tools including ChatGPT, Claude, and Gemini. Skilled in prompt engineering, AI response evaluation, content analysis, and identifying issues related to accuracy, tone, consistency, and safety. Strong written communication, analytical thinking, and attention to detail with a passion for improving AI-powered experiences.

SKILLS

- AI Evaluation:** Prompt Engineering, AI Response Evaluation, Prompt Iteration, Prompt Testing, Output Quality Assessment
- AI Tools:** ChatGPT, Claude, Gemini, Microsoft Copilot
- Writing & Analysis:** Content Evaluation, Research, English Writing, Structured Feedback, Proofreading
- Technical:** Python, SQL, Selenium, Pandas, BeautifulSoup, GitHub
- Soft Skills:** Critical Thinking, Attention to Detail, Communication, Problem Solving, Independent Working

PROFESSIONAL EXPERIENCE

- Associate (Multi-Role)**
Meetmux – Altrodav Technologies Pvt. Ltd. Aug 2025 – Dec 2025
Supported coordination, documentation, and communication tasks across teams. Gained exposure to real workflows and system usage from an end-user perspective.
- Prompt Engineering Intern**
Future Interns May 2025 – Jun 2025
Designed and tested prompts for conversational AI applications.
Evaluated AI-generated responses for clarity, relevance, accuracy, and tone.
Refined prompts through iterative testing to improve response quality.
Created AI-generated content using no-code AI tools and reviewed outputs for consistency.
- Digital Operations Associate**
Bamboopeaker May 2024 – Feb 2025
Handled customer interactions, order tracking, and dispatch coordination. Ensured process accuracy and smooth data flow.
- Project Intern – Web Automation & Data Scraping**
Rubixe May 2024 – Jun 2024
Built automation scripts using Python and Selenium. Verified data accuracy and handled edge cases for reporting.

AI EXPERIENCE

- Regularly evaluate responses generated by ChatGPT, Claude, and Gemini across creative writing, reasoning, summarization, and factual tasks.
 - Compare AI outputs for accuracy, helpfulness, tone, consistency, and safety.
 - Identify hallucinations, inconsistencies, and prompt failures while refining prompts to improve response quality.
 - Create structured prompts for different conversational and real-world scenarios.
-

PROJECTS

EVA – Emotion-Aware AI Chatbot: Tested responses for correctness, tone, and edge cases.

Auto-Apply Bot: Validated automation workflows and error handling using Selenium.

Expense Tracker with Analytics: Tested input validation, reports, and data accuracy.

RazorCart API Documentation: Reviewed API behavior and error scenarios.

EDUCATION

Bachelor of Computer Application (BCA)

May 2021 – Aug 2024

CGPA: 8.44 | SGPA: 9.34

CERTIFICATIONS

ChatGPT Prompt Engineering for Developers – DeepLearning.AI

Prompt Engineering for ChatGPT – Vanderbilt University

AI Tools Expert – Be10x.

A2 Level French - L'Alliance Française de Bangalore

If an opportunity lets me learn, contribute, and grow - I'm already interested.

THANK YOU :)
good day!!
